A note from the Artistic Committee

Thank you for your interest in directing at Mariemont Players! We are happy that you wish to contribute to our tradition of producing memorable theater. We hope to produce shows that make the audience think, and feel, about what they see on our stage. We want our patrons to be entertained, but just as importantly, we want them to feel an emotional connection to our productions.

There is more than one way to accomplish this goal. It can be through a comedy that makes the audience laugh, a drama that makes them cry, or - perhaps best of all - a show that can do both. It could be a mystery that keeps them guessing until the end, or a musical that has them singing along in their seats. It could be a favorite classic with a fresh production, or an exciting new show that few people know about.

Whatever direction you prefer, we encourage you to submit shows that you are passionate about, and for which you have a strong vision.

When the director is passionate about a show, the actors - and the audience -- can feel it!

We also encourage you to emphasize variety in the types of shows you submit. Instead of submitting three farces or three dramas, please provide us a range of different genres that we can choose from. Also try to give us shows with varying casting requirements - women, men, older casts, younger casts, bigger casts, smaller casts, etc.

To sum up: Please help us achieve our goal of producing a balanced and memorable 2021-2022 MPI season!

We thank you for submitting to direct at MPI, and we look forward to meeting with you in the near future.
